# PERSONAL NOTEBOOK OF PROFESSIONALIZATION

## EUROPEAN FOREST FIRE OFFICER (EUFO)

### Grid of Self-Assessment of Accompanied Acquisition (VALIDATION OF THE COURSE OF PROFESSIONALIZATION)

<b>DATE:</b>	
--------------	--

Signature of the learner	Signature of the trainer-guide
<i>Name and surname</i>	<i>Name and surname</i>

## EUFO function awareness

ACTIVITY	COMPETENCES	LEVEL OF ACQUISITION			OBSERVATIONS	PLAN OF ACTIONS
		Acquired	In course of acquisition	Not Acquired		
Roles of the European Forest Fire Officer	To be aware about the main three roles of the EUFO?					
	To clearly understand and recognize the objectives of the EUFO's training					

## DETACHMENT INTEGRATION IN THE FOREIGN ORGANIZATION DURING A FOREST FIRE

ACTIVITY	COMPETENCES	Country	LEVEL OF ACQUISITION			OBSERVATIONS	PLAN OF ACTIONS
			Acquired	In course of acquisition	Not Acquired		
<b>Integrate his detachment in the foreign organization during a forest fire</b>	<b>Knowledge about national or regional organization of forest fire fighting in the Mediterranean countries (France, Italy, Portugal Spain)</b>	----					
	<b>Knowledge about the organizations and responsibilities of the agencies/institution involved in firefighting in:</b>	France					
		Tuscany Region (Italy)					
		Portugal					
		Castilla y León (Spain)					
	<b>To know the main procedure for implementing initial and extended fire attack in:</b>	France					
		Tuscany Region (Italy)					
		Portugal					
		Castilla y León (Spain)					
	<b>To know who is responsible of both strategy and tactics of forest fires fighting in:</b>	France					
		Tuscany Region (Italy)					
		Portugal					
		Castilla y León (Spain)					

## DETACHMENT INTEGRATION IN THE FOREIGN ORGANIZATION DURING A FOREST FIRE

ACTIVITY	COMPETENCES	Country	LEVEL OF ACQUISITION			OBSERVATIONS	PLAN OF ACTIONS
			Acquired	In course of acquisition	Not Acquired		
Integrate his detachment in the foreign organization during a forest fire	To know the incident command chain in:	France					
		Tuscany Region (Italy)					
		Castilla y León (Spain)					
		Portugal					
	Who coordinates the aerial means in:	France					
		Tuscany Region (Italy)					
		Castilla y León (Spain)					
		Portugal					
	Who asks for reinforcements?	France					
		Tuscany Region (Italy)					
		Castilla y León (Spain)					
		Portugal					
	What are the functions of Incident commander in:	France					
		Tuscany Region (Italy)					
		Castilla y León (Spain)					
		Portugal					

## DETACHMENT INTEGRATION IN THE FOREIGN ORGANIZATION DURING A FOREST FIRE

ACTIVITY	COMPETENCES	Country	LEVEL OF ACQUISITION			OBSERVATIONS	PLAN OF ACTIONS
			Acquired	In course of acquisition	Not Acquired		
<b>Integrate his detachment in the foreign organization during a forest fire</b>	<b>What are the functions of a command post:</b>	France					
		Tuscany Region (Italy)					
		Castilla y León (Spain)					
		Portugal					
	<b>How are organized the modules (ground means) in:</b>	France					
		Tuscany Region (Italy)					
		Castilla y León (Spain)					
		Portugal					
	<b>Who defines the mission of aerial means in:</b>	France					
		Tuscany Region (Italy)					
		Castilla y León (Spain)					
		Portugal					
	<b>To know the operational tactic in</b>	France					
		Tuscany Region (Italy)					
		Castilla y León (Spain)					
		Portugal					

## REQUIREMENT IN THE EUROPEAN MECHANISM

ACTIVITY	COMPETENCES	LEVEL OF ACQUISITION			OBSERVATIONS	PLAN OF ACTIONS
		Acquired	In course of acquisition	Not Acquired		
<b>Request of support in the framework of the EUROPEAN MECHANISM</b>	To identify the process of reinforcement					
	To identify the EURCC (functions, missions,...)					
	Procedures to deploy the European modules					
	How to ask the operational European tools					
	Who pays the loads of the reinforcements?					
	When can you ask reinforcement?					
	What is the HNS?					

## FIRE MANAGEMENT SYSTEM

ACTIVITY	COMPETENCES	LEVEL OF ACQUISITION			OBSERVATIONS	PLAN OF ACTIONS
		Acquired	In course of acquisition	Not Acquired		
<b>FIRE MANAGEMENT SYSTEM</b>	To contact the incident commander					
	To propose a deployment for my detachment					
	To call the aerial means to ask a drop					
	To describe my area to the aerial means					
	To look at the safety frequency					
	To regularly inform my sector leader about the situation of the fire					

## COMMUNICATION TOOLS AND METHODS

ACTIVITY	COMPETENCES	Country	LEVEL OF ACQUISITION			OBSERVATIONS	PLAN OF ACTIONS
			Acquired	In course of acquisition	Not Acquired		
Communication tools and methods	How to contact the aerial means	France					
		Tuscany Region (Italy)					
		Castilla y León (Spain)					
		Portugal					
	How to contact my sector leader	France					
		Tuscany Region (Italy)					
		Castilla y León (Spain)					
		Portugal					
	How to contact the safety officer	France					
		Tuscany Region (Italy)					
		Castilla y León (Spain)					
		Portugal					
	How to contact neighbour teams in my flight area	France					
		Tuscany Region (Italy)					
		Castilla y León (Spain)					
		Portugal					

## CARTOGRAPHY AND MAPPING

ACTIVITY	COMPETENCES		LEVEL OF ACQUISITION			OBSERVATIONS	PLAN OF ACTIONS
			Acquired	In course of acquisition	Not Acquired		
<b>cartography and mapping</b>	To be able to use the cartography and maps of France, Tuscany Region (Italy), Castilla y León (Spain) and Portugal for:	To communicate my position					
		To find water, road, danger...					
		To define the fire perimeter					
		To communicate to the command post the fire localisation					

## LEADERSHIP AND COMMUNICATION TOOLS

ACTIVITY	COMPETENCES	LEVEL OF ACQUISITION			OBSERVATIONS	PLAN OF ACTIONS
		Acquired	In course of acquisition	Non Acquired		
Leadership and communication skills	To know the main characteristics of the leadership types					
	To understand the importance of communication					
	Verbal and non- verbal communication characteristics					
	To identify possible barriers in communication process					

## FIRE BEHAVIOUR

ACTIVITY	COMPETENCES	LEVEL OF ACQUISITION			OBSERVATIONS	PLAN OF ACTIONS
		Acquired	In course of acquisition	Not Acquired		
Fire behaviour	To determine fire behaviour during the interaction of different fire front					
	To forecast fire behaviour with extreme meteo condition (humidity and/or wind)					
	During a convective fire , to estimate fire behaviour when smoke columns collapse					
	To recognize spotting fires behaviour					

## NATIONAL FIGURES IN FIREFIGHTING AND STANDARDIZED TRAINING PROGRAMS AT EUROPEAN LEVEL

ACTIVITY	COMPETENCES	LEVEL OF ACQUISITION			OBSERVATIONS	PLAN OF ACTIONS
		Acquired	In course of acquisition	Not Acquired		
<b>National levels/roles of operators</b>	French levels					
	Italian levels					
	Spanish levels					
	Portuguese levels					
<b>European standards</b>	Incident commander					
	Logistics section leader					
	Group leader					
	Team leader					
	Team member
