

EUropean FOrest FIRE fighting Council

Object: affiliation to EUFORFIRE

The undersigned as a representative of, based in

- Considering the Decision No. 1313/2013 / EU of the European Parliament and of the Council on 17/12/2013 about the 'Union Civil Protection Mechanism' work network, with the objective of supporting the Member States in environmental prevention and protection policies, including the prevention of natural hazards like forest fires;
- Considering that MEFISTO project – European Commission, Directorate-General for European Civil Protection and Humanitarian Aid Operations (ECHO) - Agreement number: ECHO/SUB/2016/742556/PREP24 – represents an opportunity for standardizing skills, training programs and a real innovation in the forest fire sector in Europe in the light of climate change issue;
- Taking into account that in the framework of MEFISTO project a special organisation, called EUFORFIRE - EUropean FOrest FIRE fighting Council- operating in the field of forest fire fighting, has been founded in order to respond to the aims of:
 - sharing the organization models applied in the participant countries and share their developments;
 - sharing training methods and procedures for evaluating the skills in forest firefighting;
 - defining the minimum basic knowledge and skills to be developed in the training courses for similar positions in the command chain;
 - improving mutual collaboration especially in the fields of big fire management and health and safety of forest firefighters;

Asks

to join the EUFORFIRE network, and is willing to give an active collaboration in improving the activities of the network through knowledge transfer, mutual collaboration and definition of standards in the field of forest firefighting.

The undersigned declares to have read and to agree on the contents of the MOU of EUFORFIRE available [here](#).
